Our company was established in 1999 mainly aimed at education of the workers, managers and other target groups.

We have 6 permanent employees, 10 external co-workers and 80 lecturers and teachers

We currently train around 1500 people a year in all forms of education.

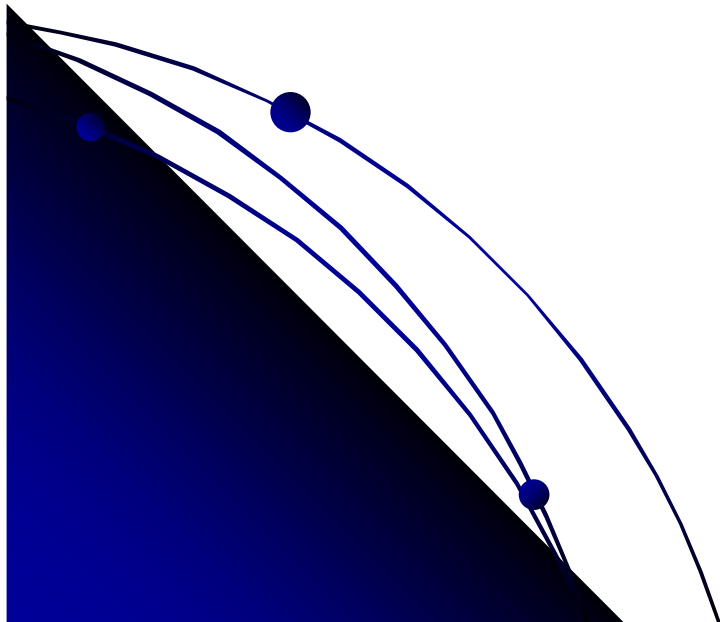

Portfolio of services has progressively developed in recent years.

Currently offers educational and counselling services to these target groups:

- low, middle and top management
- workers
- retraining in order to obtain new skills
- social workers
- pedagogical workers
- workers of public administration
- conference and workshops organized according to current subjects

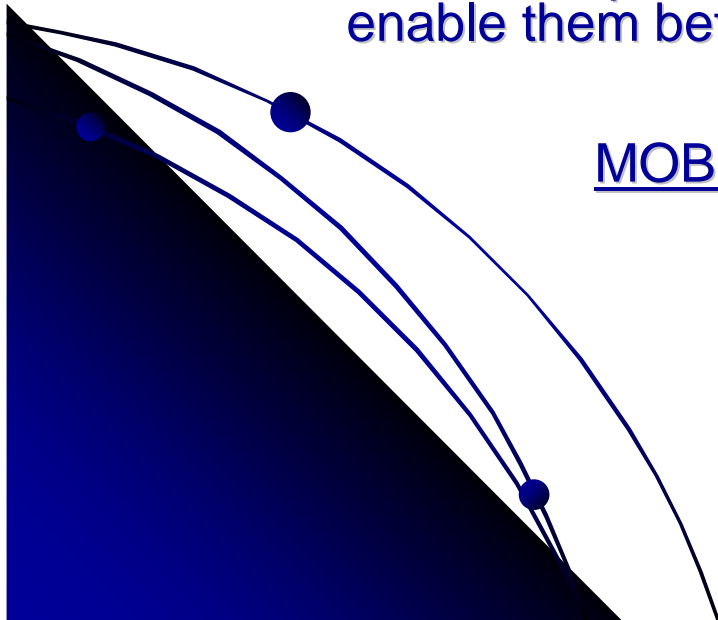

ESF (European Social Fund) – has been solving 2 projects (see below) since August 2009 until 2011, jointly with the partners of other domestic institutions.

NEW START

It is aimed at the target group of low-educated people who are long-time unemployed. Within the project, REKVAL provides them with qualification courses and personal counseling to enable them better adaptation to the job market needs.

MOBILE SCHOOL of INTERCULTURAL LEARNING

This project deals with the issue of intercultural communication and its promotion at secondary schools.
